Columbia Heights Association Recommends Appropriation Be Placed in Budget.

The campaign for a modern lighting system on upper Fourseenth street, where numerous accidents are alleged to have occurred in the last few years because of inadequate lights is to be vigorously pushed this fall by the Columbla Heights Citizens Association.

Not content with the additional lights on Fourteenth street as a result of the association's campaign last spring. members of the a sociation at a special meeting last night to consider public improvements in the Columbia Heights section, recommended to the District Commissioners that they "place

in their estimates for the next fiscal year an appropriation for the purpose of placing the latest, improved and upto-date electric lighting system on Four teenth street."

The meeting was called following re-celpt of a letter from the District Commissioners requesting the association to make recommendations for public improvements within its territory for transmission to Congress in connection with the preparation of the estimates Oppose Borland Amendment.

The first thing done by the association

was to go on record as opposed to the Borland amendment to the current District appropriation bill, assessing onehalf the cost of street paving on abutfing property owners W W. Bowie, chairman of the com-

mittee on street improvements, re ported that he would not recommend any street improvements under the present law without first consulting the abutting property owners.

The resolution opposing the Borland amendment was introduced by Judge Bundy, and was as follows:
"Be it resolved by the Columbia Heights Citizens' Association, at a special meeting, that in view of the
